

8:00 AM	Welcome and Introductions to Aortic • Visceral • Venous Day <i>Krishna Rocha-Singh, MD</i>	11:15 AM	Why the Controversy in Renal Stenting? What Doesn't the Data Tell us? <i>Krishna Rocha-Singh, MD</i>
8:10 AM	Aortic Disease: Why we Should all Be Looking for This <i>Eric M. Isselbacher, MD</i>	11:35 AM	Technical Intensive 2: The Best Techniques For Renal Artery Intervention <i>Mark C. Bates, MD</i>
8:20 AM	Thoracic Aortic Pathology: Strategies for Diagnosis <i>John H. Rundback, MD</i>	11:50 AM	Anatomic Disincentives to Endovascular Renal Revascularization: When Should You NOT Intervene <i>Tony S. Das, MD</i>
8:30 AM	Thoracic Aortic Aneurysms and Dissection: Management in 2009 <i>J. Michael Bacharach, MD, MPH</i>	12:00 PM	Lunch & Visit the Exhibits
8:45 AM	A Look into the Future: Endovascular Aortic Aneurysm Repair <i>James Laredo, MD, PhD, RVT</i>	1:00 PM	Debate We Really Have Enough Information Now to Stent Renal Arteries - Pro <i>Mark C. Bates, MD</i>
9:00 AM	Live Case Demonstrations from Washington Hospital Center Live Case Operators: <i>Nelson L. Bernardo, MD</i> <i>Robert A. Gallino, MD</i> Live Case Moderators: <i>J. M. Bacharach, S. Banerjee, J. R. Laird, Jr., K. Rocha-Singh, J. H. Rundback, T. M. Sullivan</i>	1:15 PM	Debate We Really Have Enough Information Now to Stent Renal Arteries - Con <i>Lance D. Dworkin, MD</i>
10:00 AM	Break	1:30 PM	Technical Intensive 3: Renal Artery In Stent Restenosis: How to Handle? <i>John H. Rundback, MD</i>
10:30 AM	Technical Intensive 1: Abdominal Aortic Aneurysm Endografts- Technical Tips and Optimal Devices <i>Timothy M. Sullivan, MD</i>	1:45 PM	Technical Intensive 4: Renal Embolic Protection: When and How? <i>Aravinda Nanjundappa, MD</i>
10:45 AM	Complications of Endovascular Aortic Intervention: Recognition and Management <i>John R. Laird, Jr., MD</i>	2:00 PM	Chronic Mesenteric Ischemia: Diagnosis and Indications for Surgical Intervention <i>James Laredo, MD, PhD, RVT</i>

2:15 PM	<p>Technical Intensive 5: Techniques and Outcomes of Percutaneous Mesenteric Intervention for Chronic Mesenteric Ischemia <i>Timothy M. Sullivan, MD</i></p>	3:45 PM	<p>What Will it Take to Shift the Treatment of Iliofemoral DVT to Intervention? <i>John H. Rundback, MD</i></p>
2:30 PM	<p>State-of-the-Art Treatment of Iliofemoral Deep Venous Thrombosis <i>Michael R. Jaff, DO</i></p>	3:55 PM	<p>Technical Intensive 6: How I Intervene on Iliofemoral DVT <i>Mark W. Mewissen, MD</i></p>
2:45 PM	<p>Live Case Demonstrations from Washington Hospital Center <i>Live Case Operators:</i> <i>Nelson L. Bernardo, MD</i> <i>Robert A. Gallino, MD</i></p> <p><i>Live Case Moderators:</i> <i>M. C. Bates, J. Laredo, M. W. Mewissen, J. H. Rundback, T. M. Sullivan</i></p>	4:05 PM	<p>Panel Discussion / Questions & Answers <i>Moderator: T. M. Sullivan</i> <i>Panelists: J. Laredo, M. W. Mewissen, J. H. Rundback</i></p>
		4:30 PM	<p>Adjourn</p>
